Treasurer's Report	Dean Grose reported. Balance through Dec. 31, 2003 \$3,531.86. Dues are due.	Approved and Seconded Mary Jo Vincent/Karen Petrilla
EMSA report	<p>Sean Trask from EMSA gave report on the upcoming regulations that are currently out for public comment. National Registry will be the test of choice.</p> <p>Governor has placed a hold on contracts and this may effect HRSA grants, rural AED grants.</p> <p>EMT-I draft regulation</p> <p>Optional Skills: Major changes from public comments</p> <p>Sub-Q epi will be separated from the optional skills "group" of medications. It must be administered by auto jet or pre-filled syringe.</p> <p>IVs-may be started under supervision of EMT-P.</p> <p>2. Life scan –No statute to support adding this to the regulations. If it is mandated, then EMSA would be required to pay the fees. Current budget does not allow this expense.</p>	Continue to monitor and provide input to EMSA.

	<ol style="list-style-type: none">3. Reciprocity for National Registry EMT-Is will be granted.4. Comments-EMT-I is identified in the statute and cannot change the law however the definition for EMT-B will be included in new regs. Easier to adjust the regulations than to change the law.5. CPR training course content removed from curriculum and will make it a pre requisite for testing/training.6. EMT-I training programs will be automatically granted a continuing education provider number. <p>EMT-P Regs. 50% of field internship will need to be on a transporting unit.</p> <p>Other comments: AED being purchased by HRSA funds will need to get an exemption in order to sign contracts because of the 180 day hold on contracts.</p>

Program	Jim Crabtree (LA County EMS) "Blast Injuries from Bombings-A first hand experience from the Middle East"	Thanks Jim for a power charged presentation and a first hand report of EMS in Israel.
Lunch	Provided by Long Beach Fire	Thank you
Mission Statement and Bylaws	Robert Lashier reported that he has reviewed the By Laws and some changes are recommended.	Recommend approval of changes by Dean Grose/Sarah Momsen. Discussion. Motion withdrawn by Dean/Sarah New Motion by Elaine Dethlefsen/Laurie Mejia to table discussion and revote at April meeting after members have had an opportunity to review the recommended changes. Accepted.
Web Site	Jim not here for report however discussion regarding the viability of the website and expiration of site. We may preserve the name but not host a website. Discussion regarding the cost of maintaining web site versus putting it on hold for future use but maintaining the name. Can we link to EMSA web site?	Sean Trask will check and report back. Motion by Karen Petrilla 2 nd by Mary Jo Vincent. Continue paying for domain and consider hosting at a later date. Approved. One pass.
New Business	Mary Jo Vincent spoke with Phil Dickerson from National Registry and would like to speak to group about testing etc. Question if April meeting could be held in LA area since they have the largest number of training programs and incorporate it into our agenda.	Decision to leave April meeting scheduled for Loma Linda University and have Phil do a presentation to LA on their time. Multiple roll outs are planned before implementation of regulations.
